What is IESTEC?

IESTEC is the most significant engineering conference in the Central American Region and a scientific-technological gathering. Its goal is to provide a platform for exchanging knowledge, experiences, and trends that affect global development and progress.

This year, the conference will be held from October 23-25, 2024, at the Marriott Panama Albrook Mall Hotel. We expect over 1,500 participants, including researchers, students, teachers, and professionals from various countries around the world.

We are contacting you because we appreciate your organization's dedication and commitment to promoting innovation and research. We would be honored with your presence in the select group of strategic partners for this exceptional event.

As a sponsor, you would gain significant visibility among a highly specialized audience. Our team is also committed to working closely with you to ensure that your participation yields maximum benefits.
